Speirs Foods - Senior Leadership Change

Speirs Group Limited is a majority owners of Speirs Foods (2018) LP (Speirs Foods), a Limited Partnership based in Marton which manufactures and supplies fresh foods, mainly salads, to supermarkets and the food service industry across New Zealand.

The directors of Speirs Foods have today announced a restructuring of the business, reflective of the tight trading conditions and requirement to focus the business on the challenges ahead. Consequently, we have taken the decision to make the role of our Chief Executive Officer, Jerem Wylie redundant, effective immediately.

Jerem has the gratitude and thanks of the Board and staff for the energy and competitiveness he has brought to the business along with the focus and discipline he has installed in the team. We wish Jerem the very best with his future endeavours.

Craig Tucker, a director of Speirs Foods since August 2023, has been appointed Managing Director, effective 21 January 2025. Craig brings a breadth of executive experience from disciplined multinationals to the entrepreneurial zeal of SME's and start-ups. Having led businesses, success for Craig has come from a solid base of cross functional experience.
